

The industry leader in  
trim and matrix removal

# PAC'S ECOPAC BALER IS ECO-FRIENDLY AND ECO-NOMICAL, PROVIDING A SENSIBLE SOLUTION FOR YOUR WASTE!

For the cost of a horizontal baler, you can  
install a trim system and an EcoPAC baler!

Our EcoPAC baler, designed for matrix, edge trim,  
and other waste applications, provides:

- Quiet operation — can be located in noise sensitive areas
- Compact size — uses 80% less floor space than a horizontal baler
- Bagged bales — keep your work environment clean
- Continuous operation — to keep your trim system running
- Contained Trim — matrix waste will not escape into the outside environment
- Easy transport — cubes can be double stacked in a trailer

Your EcoPAC Baler is guaranteed to work as specified. With our experience, resources and passion for excellence, we stand proudly behind our engineering expertise and manufacturing skill.
